

# AVI20118 CERTIFICATE II TRANSPORT SECURITY PROTECTION - MAKE YOUR NEXT CAREER COUNT!

## Transport Security is one of the fastest growing industries in Australia

Airports, cargo forwarders and maritime ports are fast paced environments with millions of people and items passing through them everyday. The role of the Transport Security Screener is integral in ensuring the safety of travelers, cargo, aircraft, shipping and facility assets.

## Who can enrol in this qualification

Any member of the public wishing to enter a career as a Transport Security Screener to perform security screening functions including, controlling access to security sensitive areas, undertaking physical searches, and identifying and handling weapons, explosives and prohibited items.

## Suitability Requirements

Participants must have sufficient skills to read, write and communicate in English and have basic computer skills. Participants must also be physically fit enough, to perform defensive techniques, and bend/kneel for at least 2 minutes for CPR. A pre- training review is required to be completed.

## What to bring

A Job ready background check pen, small notepad, 100 points of ID - JP certified, your USI\*\*

*\*Additional Training Required*

*\*\*USI - Unique Student Identifier is a Commonwealth Gov't Reference, available from [www.usi.gov.au](http://www.usi.gov.au)*

## Licensing & Regulatory Requirements

Students enrolling into the Certificate II in Transport Security Protection must obtain and supply:

- A clear ASIC Jobready Background check.
- Proof of Australian Work Rights

### New Entrants

All new security screeners in the aviation, air cargo and maritime sectors must hold this qualification (the above code AVI20118) from 16th January 2022.

### Existing Screeners and Previous Experience

Existing screeners do not need to complete this course if you:

- were employed or engaged as a screener at any time in the 12 months before 16 June 2021, **and**
- have not ceased engagement or employment as a screening officer for more than 24 months.

## Delivery is Blended

82 hours of pre-study is required to be completed prior to the commencement of the face to face training of:

- Transport security screener: Air Cargo - 5 Days
- Transport security screener: Airports - 10 Days
- Transport security screener: Maritime - 5 Days

## Assessment

Assessment is conducted by the below methods:

- Theory Questions
- 2 Closed booked examinations
- Practical Assessments:

Scenarios in X-ray Operation, Explosive Trace detection, body scanners managing conflict, controlling access, defensive tactics, health & safety, mobile and foot patrolling and the law.

## Completion

On successful completion participants will be issued: AVI20118 Certificate II in Security Operations (Typically within 7-14days, but may vary)

# AVI20118 CERTIFICATE II TRANSPORT SECURITY

Transport Security Screener - Airport, Air Cargo, Maritime

To work as a Transport Security Screener in the above sectors, you will be required to obtain the below competencies:

## Course Structures

### Air Cargo

- **AVIO0015** Undertake physical search of cargo and articles
- **AVIO0009** Identify and handle weapons, explosives and prohibited items
- **AVIG0001** Work effectively in a transport security environment
- **AVIO0007** Control access to and exit from a security sensitive area
- **AVIO0008** Establish and maintain a sterile sensitive area
- **AVIO0005** Conduct screening using explosive trace detection
- **AVIO0003** Apply electronic metal detection
- **AVIO0014** Screen articles by interpreting X-ray images
- **AVIF0015** Apply awareness of dangerous goods and hazardous substances in the transport security environment

### Airports

- **AVIO0015** Undertake physical search of cargo and articles
- **AVIO0009** Identify and handle weapons, explosives and prohibited items
- **AVIG0001** Work effectively in a transport security environment
- **AVIO0007** Control access to and exit from a security sensitive area
- **AVIO0008** Establish and maintain a sterile sensitive area
- **AVIO0011** Manage disruptive behaviour and unlawful interference within a transport security environment
- **AVIO0004** Conduct frisk search of persons
- **AVIO0005** Conduct screening using explosive trace detection
- **AVIO0012** Manage the flow of items for screening by X-ray screening equipment
- **AVIO0014** Screen articles by interpreting X-ray images
- **AVIO0013** Operate body scanner
- **AVIO0010** Identify powders, liquids, aerosols and gels (PLAGs)
- **AVIO0006** Conduct vehicle search for access to security sensitive areas
- **AVIF0015** Apply awareness of dangerous goods and hazardous substances in the transport security environment
- **CPPSEC3121** Control persons using empty hand techniques
- **CPPSEC3128** Conduct security screening using walk-through metal detection equipment
- **CPPSEC3130** Conduct security screening using hand-held metal detectors

### Maritime

- **AVIO0015** Undertake physical search of cargo and articles
- **AVIO0009** Identify and handle weapons, explosives and prohibited items
- **AVIG0001** Work effectively in a transport security environment
- **AVIO0007** Control access to and exit from a security sensitive area
- **AVIO0008** Establish and maintain a sterile sensitive area
- **AVIO0011** Manage disruptive behaviour and unlawful interference within a transport security environment
- **AVIO0004** Conduct frisk search of persons
- **AVIO0012** Manage the flow of items for screening by X-ray screening equipment
- **AVIO0014** Screen articles by interpreting X-ray images
- **AVIO0006** Conduct vehicle search for access to security sensitive areas
- **CPPSEC3121** Control persons using empty hand techniques
- **CPPSEC3128** Conduct security screening using walk-through metal detection equipment
- **CPPSEC3130** Conduct security screening using hand-held metal detectors
